EI0MAR is QRV Again

EI0MAR is the call-sign for the amateur radio station located in the Ye Olde Hurdy Gurdy Museum of Vintage Radio in Howth near Dublin. It is QRV again following recent antenna storm damage. The X80 HF vertical was a write-off. However, thanks to Tom May, EI9LA, the station at the radio museum in Howth is now back on air after he kindly donated an X80 vertical antenna, which he had not been using. On Saturday 10th of February, Tony, EI5EM and Joe, EI2JZ installed the new antenna, taking the opportunity to replace the coaxial cable at the same time. The museum is currently open at weekends from 11 a.m. to 4 p.m. For further information, email Tony EI5EM /at/ gmail.com or just drop by any Saturday or Sunday.
